## ABOUT MYSELF

I'm passionate about computer science, solving problems, and creating innovative solutions through programming. Outside of tech, I love playing football and table tennis, which keep me active and balanced. I'm exploring areas like AI and cybersecurity, aiming to contribute to meaningful advancements while staying committed to learning and growth.

## EDUCATION AND TRAINING

Website <https://gcu.edu.pk/> | Level in EQF EQF level 5

12/09/2023 – CURRENT Islamabad, Pakistan  
**BACHELOR OF SCIENCE IN COMPUTER SCIENCE** Air University Islamabad

Website <https://www.au.edu.pk/> | Level in EQF EQF level 6

## WORK EXPERIENCE

FIVERR

**WEB APPLICATION DEVELOPER** – 01/09/2024 – CURRENT

### Main Activities and Responsibilities:

- **Development and Maintenance:** Developed and maintained mobile applications for iOS and Android platforms using technologies like Swift, Kotlin, and React Native.
- **Collaboration:** Collaborated with cross-functional teams, including designers, product managers, and back-end developers, to define, design, and ship new features.
- **Troubleshooting:** Troubleshot and debugged applications to optimize performance, ensuring smooth functionality and user satisfaction.
- **Code Reviews:** Participated in code reviews to maintain code quality and ensure best practices were followed across the team.

### Achievements and Added Value:

- **Project Launch:** Successfully launched **Techify**, a mobile app that received a great public reaction.
- **Performance Improvement:** Improved app performance by reducing load times by 20%, leading to a 15% increase in user retention.
- **User Experience:** Contributed to team projects that enhanced user experience, resulting in a 25% increase in customer satisfaction ratings.
- **Feature Implementation:** Implemented key features such as push notifications and in-app purchases, which increased user engagement by 30%.

### Projects:

- **Techify:** Developed a mobile app that provides tech tutorials and resources, featuring a user-friendly interface and seamless navigation.
- **Restaurant App:** Built a restaurant app allowing users to browse menus, place orders, and make reservations. Integrated real-time updates and payment gateways for a seamless dining experience.
- **Task Manager:** Built a task management app with reminders, priority settings, and synchronization across devices, helping users stay organized.

FIVERR

## MOBILE APP DEVELOPER – 10/06/2023 – CURRENT

### Main Activities and Responsibilities:

- **Design and Development:** Created responsive and user-friendly web interfaces using HTML, CSS, and JavaScript frameworks like React.js. Ensured compatibility across various browsers and devices.
- **Collaboration:** Worked closely with UI/UX designers to translate design mockups into functional web pages. Coordinated with back-end developers to integrate APIs and ensure seamless data flow.
- **Optimization:** Optimized web pages for maximum speed and scalability by implementing best practices in coding, image compression, and lazy loading techniques.
- **Project Management:** Assisted in managing project timelines and deliverables, ensuring timely completion of tasks and effective communication within the team.

### Achievements and Added Value:

- **Project Launch:** Successfully launched an e-commerce website, which led to a 30% increase in user engagement and a 15% boost in sales within the first three months.
- **Performance Improvement:** Improved website performance by reducing page load times by 25%, resulting in better user retention and higher search engine rankings.
- **User Experience Enhancement:** Enhanced the overall user experience by implementing intuitive design elements and ensuring smooth navigation, which contributed to a 20% increase in user interaction metrics.
- **Interactive Features:** Developed interactive features such as dynamic forms and real-time search functionality, improving user engagement and satisfaction.

### Projects:

- **E-Commerce Website:** Designed and developed a fully responsive e-commerce platform with features like product filtering, user reviews, and a secure checkout process.
- **Portfolio Website:** Created a personal portfolio website showcasing various projects, skills, and contact information, using modern design principles and animations.
- **Blog Platform:** Built a blog platform with a custom CMS, allowing users to create, edit, and publish articles with ease.

## FIVERR

## GRAPHICS DESIGNER – 05/09/2022 – CURRENT

### Main Activities and Responsibilities:

- **AI Video Creation:** Designed and produced AI-generated videos using advanced tools like Runway ML, Synthesia, and D-ID, creating engaging content for clients.
- **Avatar Development:** Created custom AI avatars for clients, tailored to their branding and marketing needs, using platforms like Reallusion and Adobe Character Animator.
- **Voiceover Production:** Generated AI-powered voiceovers in multiple languages and tones, utilizing tools like Descript, Murf.ai, and ElevenLabs, to enhance video content.
- **Freelance Platform Management:** Managed profiles on freelancing platforms (e.g., Upwork, Fiverr), including client communication, project delivery, and feedback collection.
- **Client Collaboration:** Worked closely with clients to understand their requirements, provide creative solutions, and deliver high-quality AI-generated content.

### Achievements and Added Value:

- **Client Satisfaction:** Achieved a 95% client satisfaction rate by delivering high-quality AI videos, avatars, and voiceovers on time.
- **Increased Revenue:** Generated over \$10,000 in revenue within the first year by offering unique AI-driven design services on freelancing platforms.
- **Innovative Solutions:** Developed a proprietary workflow for creating AI avatars, reducing production time by 30% while maintaining high quality.
- **Repeat Clients:** Built a loyal client base, with 40% of clients returning for additional projects due to the quality and creativity of the work.

### Projects:

- **AI Marketing Videos:** Created AI-powered marketing videos for businesses, incorporating custom avatars and multilingual voiceovers, resulting in a 20% increase in client engagement.
- **Personalized Avatars:** Designed personalized AI avatars for influencers and content creators, helping them stand out on social media platforms.
- **E-Learning Content:** Produced AI-generated educational videos with realistic voiceovers for e-learning platforms, enhancing the learning experience for students.

## ● LANGUAGE SKILLS

Mother tongue(s): **URDU**

Other language(s):

|         | UNDERSTANDING |         | SPEAKING          |                    | WRITING |
|---------|---------------|---------|-------------------|--------------------|---------|
|         | Listening     | Reading | Spoken production | Spoken interaction |         |
| ENGLISH | C1            | C1      | B1                | B1                 | B1      |

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user

● **EXTRACURRICULAR ACTIVITIES**

**Won Inter-Hostel Football Tournament**

Led my hostel team to victory in the university's annual inter-hostel football tournament. Played a key role as goalkeeper, contributing to strategic gameplay and fostering teamwork. The tournament involved intense competition among multiple hostels, and our victory showcased strong leadership, collaboration, and sportsmanship. This achievement not only highlights my passion for football but also demonstrates my ability to perform under pressure and work effectively in a team-oriented environment.

**Participated in University Blood Donation Camp**

Volunteered to donate blood at a university-organized blood donation camp, contributing to a noble cause aimed at supporting healthcare needs and saving lives. This initiative reflects my commitment to social responsibility and community service, as well as my willingness to actively participate in events that make a positive impact on society.

● **SKILLS**

C, C++,C# | Team-work oriented | Managing Databases (MySQL) | Organizational and planning skills | Problem Solving Skills. ... | App development: Flutter & Dart, React & React native, | Development: HTML, CSS, JavaScript, Bootstrap 4, Android, Flutter | Dart programing language | Python
